## THE TRIAL OF PATRICK

Recorder Goff Again Ruled Out Admission of 1896 Will.

### BLINN'S TESTIMONY

He Says He Was Sent for and Told He Was to Receive \$75,000—More Evidence as to the Signature to the 1900 Will.

New York, Jan. 31.—When Recorder Goff closed court yesterday in the trial of Albert T. Patrick for the murder of William M. Rice, he had for the tenth time ruled out the admission of the Rice will of 1896 which the prosecution has been trying to get into the record.

Following the evidence of Baker, Norman S. Neldrum, who was again on the stand, that the signature to the assignment of Mr. Rice's estate to Patrick was a forgery and that the signature to the 1896 will was genuine, came the testimony of Joseph L. N. Blinn of Springfield, Mass., a nephew of the dead man. Mr. Blinn told of be-

ALBERT T. PATRICK.

ing summoned to New York by Patrick and said the latter told him he (Blinn) was to get \$30,000 of the estate under the 1900 or Patrick will.

Cross-examination of Mr. Blinn by counsel for the defense brought out that there was an arrangement by which witness was to receive \$75,000 from the Rice Institute if the 1896 will were probated. Under this 1896 will Mr. Blinn's share was \$5000. Witness said that the arrangement was in writing. It came from Colonel Joseph Rice, William M. Rice's nephew, and he (Blinn) had signed the paper.

Two Texans also testified. They were Emanuel Raphael, secretary and manager of the Houston Clearing house and also trustee of the Rice Institute, and Arthur B. Cohn, clerk and agent of W. H. Rice at Houston.

Mr. Raphael told of the plans for the Rice Institute. He swore he was familiar with Rice's signature and that the signatures on the checks, the assignment of the Rice estate to Patrick and the paper which revoked Captain Baker's right to Rice's safety deposit box were forgeries.

A large part of the afternoon was devoted to the testimony of the newspaper reporters to whom Patrick gave a statement of the case before his arrest, and further evidence as to the safe deposit boxes and its contents.

Arthur B. Cohn, clerk and agent for Rice at Houston, Tex., testified that the signature on the will of 1900, the Swenson checks and the assignment were forgeries. Cohn was on the stand when court adjourned.

### Boers Were Repulsed.

London, Jan. 31.—Kitchener reports that the camp of the Sussex regiment was attacked by Nieuwoudt's command and that in the severe fighting the Boers were repulsed.

Kitchener also reports Gen. French captured 27 men belonging to Fouché's command in the northeastern part of Cape Colony and that the command was completely scattered.

### Schwab Reported Resigned.

New York, Jan. 31.—A rumor that Charles M. Schwab had resigned as president of the United States Steel corporation, went through Wall street Thursday, but it was unqualifiedly denied by J. Pierpont Morgan.

### PHILIPPINE INVESTIGATION

Governor Taft the First Witness to Appear Before Senate Committee.

Washington, Jan. 31.—Investigation into the conditions in the Philippines archipelago, apropos of effort to secure legislation for the government of these islands, has been begun by the senate committee on the Philippines.

W. N. Taft, civil governor of the archipelago, was the first witness called, and there was a full attendance of members of committee, and Senator Lodge, chairman of the committee, explained that the committee desired not only the fullest information concerning the islands, but any advice that Governor Taft might offer concerning the questions at issue. Governor Taft said he had gone to the Philippines in the spring of 1900 and had visited almost all provinces during the past year. He said that in all the Filipino or Christian provinces there is a form of civil government and that there are 34 of these provinces. The Moros are all friendly except a few who never have been otherwise than hostile to the Spaniards. Even these were now being brought over by the prospect of trade, which they are very fond of.

The commission's tour of the islands, Governor Taft said, only had been undertaken after the re-election of President McKinley, when the time seemed ripe for the establishment of a local government in the islands.

They presented to dignitaries of various places visited an explanation of the provincial and municipal acts. "We had some oratory," he said, "not from the rear platform of the train but generally from the windows of the car." He then gave in detail the proceedings of meetings at various places visited, saying that some 17 capitals of provinces were visited on the first tour. At each place delegates of the people were met, special act was passed, and a governor appointed and authorized to organize municipalities.

These provincial governments consisted, he explained, of a governor, secretary, superintendent, treasurer, and fiscal or prosecuting attorney. In all cases where selection could be made without arousing jealousies, natives have been chosen. All these appointments are temporary, and next month their successors will be elected. When factions were too strong, Americans were placed at the head of each provincial government, and in all cases the treasurer and superintendent were Americans. He said the commission had first given its attention to northern provinces and in April started on a southern trip of 54 days. He said they had been received most cordially everywhere. This latter remark led the witness in a few discursive remarks upon the subject of Filipino hospitality. "The Spaniard," he said, "will always tell you his house is yours, but he does not always mean you should take him at his word. But the Filipino will tell you the same thing and he always means what he says. He will turn his family out and install you in his habitation."

### A NOISY WELCOME.

Admiral Schley Received With Open Arms by Citizens of Nashville.

Nashville, Jan. 31.—A noisy welcome greeted Admiral Schley upon his arrival here tonight. Every bell, whistle, cannon and noise-making instrument was set going. The reception committee met the train at Bowling Green, Ky., and upon arrival Admiral and Mrs. Schley were escorted to their hotel by Knights Templars and members of the Retail Merchants' association.

Formal exercises will begin at 8:30 o'clock tomorrow morning with a parade of two companies of Confederate veterans in uniform, state militia and fraternal, civic and commercial organizations. Admiral Schley will visit Vanderbilt and Fiske universities in the afternoon, and at night he will be given a banquet by Knights Templars and ladies of patriotic societies will tender a reception to Mrs. Schley.

Admiral and Mrs. Schley will be taken to the Hermitage on Sunday morning and will attend services in the old church erected by Andrew Jackson and in which he worshipped.

The programme for Monday includes a visit to Peabody Normal college in the morning and public reception at the tabernacle in the afternoon. At night Admiral and Mrs. Schley will be given a reception by Mayor and Mrs. E. B.

### TORRENS LAND TRANSFER SYSTEM.

Writing of the Torrens land transfer system, in the Houston Post, Marshall Burney of Amphion, Texas, says:

"The man, or men, who can get up a public interest in this matter and push it to a successful conclusion by having enacted on the statutes of this state a law that would simplify the present method of real estate transfers, would build for himself or themselves a monument greater and more enduring than marble.

"If memory serves me right (for the journals are not at hand) there was a bill on this subject introduced in both houses of the Twenty-fifth legislature—in the house by Col. N. H. Tracy of Milam county, and in the senate by Senator A. B. Kerr of Flatonia, now of San Antonio, Texas.

"My recollection is that the bill was reported favorably in both houses and like many meritorious measures in such sessions died upon the speaker's table, more for the want of a popular demand behind it than for the want of merit.

"With that legislative effort the movement lapsed in Texas. Certainly both of these gentlemen should be willing to join a movement whose object is to advance intelligence upon a subject which is already near their hearts and to

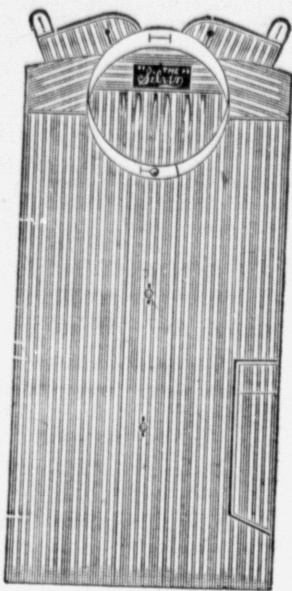

which they have already given much attention.

"If once a great popular interest in a subject like this could be aroused among the vast throng of intelligent citizens, suffragists and non-suffragists alike, without regard to political affiliation, it would be propelled by its own momentum and would be much more effectual than planks in political platforms, for recent political events have shown that platform declarations do not have much weight when there is not a great popular demand behind them.

"One recent illustration of the necessity of some simpler, safer, less expensive and less complex method of conveyancing will be given. This case came recently under my own observation and is perhaps one of a thousand daily occurrences throughout this great republic of free and independent states. But to the incident: A very poor, but honest and hard working, citizen owned a little place in a distant town near the coast and moved further north and into the interior for the health of his family and to get nearer the bustling, busy marts in order that he might the better utilize his labor—his only capital—for the purpose of supporting himself and those dependent upon him. But, be that as it may, he chose to change his location—and, be the cause what it may, he was poverty-stricken. He had an opportunity to trade the home he had left for one in a higher altitude and a less humid atmosphere. The trade was consummated and all the preparations made for a transfer of the property but, lo! the other party demanded a complete abstract of title. The poor fellow consulted the "abstract men," and had an abstract prepared that was entirely satisfactory to the other party to the trade, but the abstractors demanded a fee of \$18. Of course, the trade failed, for he could not raise the money to pay it, and to show the enormity of it, the "abstract fee" demanded amounted to more than 3 per cent. of the amount involved.

"If for no other reason than that embraced in the sentiment conveyed by the motto, "I am for men," made famous by the immortal Henry George, my voice would be raised in advocacy of a reform in this direction, so that men could sell or exchange property of that

sort without having to pay such a heavy tax to do it, and while, perhaps, 'tis true that that "motto," in this age of conquest and "commercialism," is very stale and commonplace, yet it will do to stand by, and, like the great rock of Gibraltar, will survive the wreck of parties, systems, theories, dynasties and nations."

The Torrens land transfer system, in the states where it is in operation in this country, provides a means by which the land owner can get his land registered, after necessary proceedings, and after registration his title cannot be disturbed. To transfer it, no abstract of title is necessary, hence, no expense is necessary beyond a very small fee, and the man who buys registered land gets an unassailable title. To take advantage of it is entirely optional, so it is not a thing to be foisted upon anybody who does not want it, while those who wish to avail themselves of it can do so in states where the system is adopted.

## LOSES THEIR SUIT.

The Interchangeability of Two Wills. Knock Out Pien of Contestants. New York, Jan. 31.—Mrs. Cornelia I. Sabriskie and Miss Fannie DeWoll Conklin of Hackensack, N. J., step-daughters of the late Mrs. Peter L. Conklin of that place have met defeat in their contest to gain possession of Mrs. Conklin's residuary estate valued at \$80,000. The contest hinged on the construction of a phrase and involved the interchangeability of two words.

A section of the will gave "all the rest, residue and remainder of my estate, etc., unto my dear husband, Peter L. Conklin, to have and to hold the same, unto him and his heirs."

Vice Chancellor Stevenson decided the residuary clause was inoperative. The words "and his heirs," he held did not carry the residuary estate to next of kin where the legatee dies before the testator. He said if the word "or" had been used in place of "and," the result would have been the reverse.

## SHAW TAKES CHARGE.

Relieves Gage as Secretary of the Treasury Department.

Washington, Jan. 31.—Leslie M. Shaw, the new secretary of the treasury, will assume office to-morrow. Secretary Lyman J. Gage, the retiring member of the cabinet, will go from

GOVERNOR SHAW OF IOWA.

here to New York, where he will confer with the directors of the International Banking corporation, the presidency of which it is reported the directors are urging him to take.

## Given Twenty-One Years.

Gilmer, Tex., Jan. 31.—The jury in the T. J. Clay case, which has been on trial since Jan. 20, brought in a verdict giving him twenty-one years in the penitentiary. T. J. Clay was charged with the murder of Will Griffin in Tyler about the last of last June. Griffin was a bill collector for Meyer & Smith, merchants of Tyler, and presented a bill to Clay for collection. A dispute arose and a fist fight occurred. They were separated and in a few moments met again armed, and pistols were drawn. Clay shooting Griffin down, killing him instantly.

## Galveston Sea Wall Bonds.

Galveston, Jan. 31.—Five subscriptions aggregating \$250,000 for the proposed sea wall and filling bonds have been recorded. Each of the following subscribed \$50,000 each: Sealy, Hutchings & Co., John Sealy, R. Waverly Smith, I. H. Kempner and Adone & Lobit. The two latter make their subscription conditional on eight individuals or firms subscribing each \$50,000. It is believed that more than eight subscriptions can be obtained.

## Steamers Still Fast in Ice.

Chicago, Jan. 31.—Steamers Atlanta and Iowa, with nearly 200 people aboard, are still fast in the ice. The passengers, whose imprisonment began Wednesday night, are physically comfortable, but eager for a west wind which is expected will break up the ice.

## Will Cost Two Millions.

Chicago, Jan. 31.—A permit has been issued for the terminal station of the Lake Shore and Rock Island railroads in this city and the estimated cost given is \$2,000,000. The entire improvement consists of the depot and office building, the train shed and a power house.

## Wanted for Robbery.

San Antonio, Jan. 31.—Charles Copeland were arrested here by local officers on a warrant charging highway robbery committed in Dallas county three years ago, and the prisoner was started to Dallas in charge of Sheriff Johnson of that county.

## Publishers Assign.

New York, Jan. 31.—The Wilbur B. Ketchum company, publishers and booksellers, have assigned for the benefit of creditors to William L. Mershon, of Rahway, N. J. The company was incorporated in 1891 with a capital stock of \$750,000.

## Two Freights Collide.

Anniston, Ala., Jan. 31.—In a head end collision between two freights on the Southern railway just outside the city limits, John Rodgers of Birmingham, a brakeman, was killed and five trainmen injured.

## Life Imprisonment for Howard.

Frankfort, Jan. 31.—The jury in the case of Howard, on trial for the assassination of William Gobel, returned a verdict of guilty against the prisoner, and fixed his punishment at life imprisonment.

## Engineer Fatally Injured.

Yicksburg, Jan. 31.—A switch engine and a freight train collided in the Yazoo and Mississippi Valley yards here and Engineer F. W. Hooper was fatally injured.

### TORRENS LAND TRANSFER SYSTEM.

Writing of the Torrens land transfer system, in the Houston Post, Marshall Burney of Amphion, Texas, says:

"The man, or men, who can get up a public interest in this matter and push it to a successful conclusion by having enacted on the statutes of this state a law that would simplify the present method of real estate transfers, would build for himself or themselves a monument greater and more enduring than marble.

"If memory serves me right (for the journals are not at hand) there was a bill on this subject introduced in both houses of the Twenty-fifth legislature—in the house by Col. N. H. Tracy of Milam county, and in the senate by Senator A. B. Kerr of Flatonia, now of San Antonio, Texas.

"My recollection is that the bill was reported favorably in both houses and like many meritorious measures in such sessions died upon the speaker's table, more for the want of a popular demand behind it than for the want of merit.

"With that legislative effort the movement lapsed in Texas. Certainly both of these gentlemen should be willing to join a movement whose object is to advance intelligence upon a subject which is already near their hearts and to

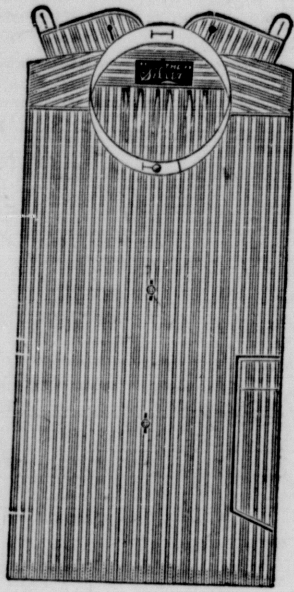

which they have already given much attention.

"If once a great popular interest in a subject like this could be aroused among the vast throng of intelligent citizens, suffragists and non-suffragists alike, without regard to political affiliation, it would be propelled by its own momentum and would be much more effectual than planks in political platforms, for recent political events have shown that platform declarations do not have much weight when there is not a great popular demand behind them.

"One recent illustration of the necessity of some simpler, safer, less expensive and less complex method of conveyancing will be given. This case came recently under my own observation and is perhaps one of a thousand daily occurrences throughout this great republic of free and independent states. But to the incident: A very poor, but honest and hard working, citizen owned a little place in a distant town near the coast and moved further north and into the interior for the health of his family and to get nearer the bustling, busy marts in order that he might the better utilize his labor—his only capital—for the purpose of supporting himself and those dependent upon him. But, be that as it may, he chose to change his location—and, be the cause what it may, he was poverty-stricken. He had an opportunity to trade the home he had left for one in a higher altitude and a less humid atmosphere. The trade was consummated and all the preparations made for a transfer of the property but, lo! the other party demanded a complete abstract of title. The poor fellow consulted the "abstract men," and had an abstract prepared that was entirely satisfactory to the other party to the trade, but the abstractors demanded a fee of \$18. Of course, the trade failed, for he could not raise the money to pay it, and to show the enormity of it, the "abstract fee" demanded amounted to more than 3 per cent. of the amount involved.

"If for no other reason than that embraced in the sentiment conveyed by the motto, "I am for men," made famous by the immortal Henry George, my voice would be raised in advocacy of a reform in this direction, so that men could sell or exchange property of that

sort without having to pay such a heavy tax to do it, and while, perhaps, 'tis true that that "motto," in this age of conquest and "commercialism," is very stale and commonplace, yet it will do to stand by, and, like the great rock of Gibraltar, will survive the wreck of parties, systems, theories, dynasties and nations."

The Torrens land transfer system, in the states where it is in operation in this country, provides a means by which the land owner can get his land registered, after necessary proceedings, and after registration his title cannot be disturbed. To transfer it, no abstract of title is necessary, hence, no expense is necessary beyond a very small fee, and the man who buys registered land gets an unassailable title. To take advantage of it is entirely optional, so it is not a thing to be foisted upon anybody who does not want it, while those who wish to avail themselves of it can do so in states where the system is adopted.

Edward Thompson, L. L. D., the eloquent lawyer-preacher, will deliver his popular lecture on "True Americanism" on Wednesday evening, February 5, in the Methodist church at Bryan. This is a first-class lecture—equal to the best—yet admission will be free because the Sunday League of America has engaged Dr. Thompson to deliver thirty-five of these lectures in Texas. The Nashville American says: "Dr. Thompson is one of the most finished orators of the South, and, though a lawyer by profession, he gives much of his time to the work of this league, of which he is the head."

## LOSES THEIR SUIT.

The Interchangeability of Two Words. Knock Out Plea of Contestants.

New York, Jan. 31.—Mrs. Cornellius I. Sabriskie and Miss Fannie DeWoll Conklin of Hackensack, N. J., step-daughters of the late Mrs. Peter L. Conklin of that place have met defeat in their contest to gain possession of Mrs. Conklin's residuary estate valued at \$80,000. The contest hinged on the construction of a phrase and involved the interchangeability of two words.

A section of the will gave "all the rest, residue and remainder of my estate, etc., unto my dear husband, Peter L. Conklin, to have and to hold the same, unto him and his heirs."

THE CARNIVAL PARTY.

First Event Under the Auspices of the Civic Club a Social Success.  
The Carnival party given Thursday night at Mike's hall, under the auspices of the Civic Club, was a decided success notwithstanding unfavorable weather conditions. The attendance was not so large as was hoped for and the receipts were proportionately curtailed, but those present enjoyed the evening thoroughly and no end of fun resulted from the masking.

The costumes were gotten up in good shape and represented a wide range of characters, from the country negro to the eighteenth century courtier. The prize for the best lady's costume was awarded to Miss Charlotte Stoddard, and that for the gentlemen went to Col. A. M. Rhodes, who had rigged up an original design that was indescribable, impenetrable and fantastically ridiculous.

Mr. O. E. Saunders was made king of the Carnival and Miss Frances Parker was chosen queen. An intricate and beautiful grand march followed by cake walking and numerous pleasantries were the features of the evening. The music was supplied gratuitously by the Third regiment orchestra and was of a high character, adding in no small degree to the pleasure of the event.

Mrs. M. W. Sims and Mrs. W. S. Howell are due the thanks of all for the manner in which they worked for its success to the end that the Civic club might realize on the entertainment and further its work in the matter of public improvements. We hope the ladies will have more favorable conditions when they next entertain and that the public will show greater appreciation.

The five room house now occupied by Prof. Zehnal is for rent. Apply to Mrs. C. H. Marrett. 50

Gen. H. B. Stoddard returned on Thursday from a meeting of the directors of Trenton Rock Oil company at Beaumont. This company has made a connection with the Higgins Oil company pipe line and has sold to one party \$7,200 worth of oil. Being unable to secure cars from the railroad or any other source, Gen. Stoddard says his company has purchased its own cars. This he regards as the only practical way for the independent marketing of oil—to buy the cars and require the railroads to haul them. At this meeting the directors of Trenton Rock company adopted appropriate resolutions on the death of their late colleague, Col. L. L. Foster.

Present value of each share of stock, \$29.44%. Earnings, 17.8 per cent.

The net profits to association from the fair last fall were \$845.24.

The estimate of the value of the buildings in the above statement is their actual cost. The lumber being delivered without cost, if this feature is taken account of, the sum named as value of buildings is too low by the amount that freight on the lumber would have cost—about \$700.

The earnings are figured on the amount of stock now issued, and about half of this stock is of recent issue, which participates in the earnings of the fair. If the earnings had been figured on the amount of stock held at the time of the fair, the earnings would have been about 34 per cent.

There remains unsold of the capital stock of the association about \$1250. The directors are desirous of selling this stock at as early a date as practicable.

Gen. H. B. Stoddard returned on Thursday from a meeting of the directors of Trenton Rock Oil company at Beaumont. This company has made a connection with the Higgins Oil company pipe line and has sold to one party \$7,200 worth of oil. Being unable to secure cars from the railroad or any other source, Gen. Stoddard says his company has purchased its own cars. This he regards as the only practical way for the independent marketing of oil—to buy the cars and require the railroads to haul them. At this meeting the directors of Trenton Rock company adopted appropriate resolutions on the death of their late colleague, Col. L. L. Foster.

### THE CARNIVAL PARTY.

First Event Under the Auspices of the Civic Club a Social Success.

The Carnival party given Thursday night at Mike's hall, under the auspices of the Civic Club, was a decided success notwithstanding unfavorable weather conditions. The attendance was not so large as was hoped for and the receipts were proportionately curtailed, but those present enjoyed the evening thoroughly and no end of fun resulted from the masking.

The costumes were gotten up in good shape and represented a wide range of characters, from the country negro to the eighteenth century courtier. The prize for the best lady's costume was awarded to Miss Charlotte Stoddard, and that for the gentlemen went to Col. A. M. Rhodes, who had rigged up an original design that was indescribable, impenetrable and fantastically ridiculous.

Mr. O. E. Saunders was made king of the Carnival and Miss Frances Parker was chosen queen. An intricate and beautiful grand march followed by cake walking and numerous pleasantries were the features of the evening. The music was supplied gratuitously by the Third regiment orchestra and was of a high character, adding in no small degree to the pleasure of the event.

Mrs. M. W. Sims and Mrs. W. S. Howell are due the thanks of all for the manner in which they worked for its success to the end that the Civic club might realize on the entertainment and further its work in the matter of public improvements. We hope the ladies will have more favorable conditions when they next entertain and that the public will show greater appreciation.

#### WOMEN AND JEWELS.

Jewels, candy, flowers, man—that  
is the order of a woman's prefer-  
ences. Jewels form a magnet of  
mighty power to the average woman.  
Even the greatest of all jewels,  
health, is often ruined in the strenu-  
ous efforts to make or save the money  
to purchase them. If a woman  
will risk her health to get a coveted  
gem, then let her fortify herself  
against the insidious consequences  
of coughs, colds and bronchial affec-  
tions by the regular use of Dr. Bos-  
chee's German Syrup. It will  
promptly arrest consumption in its  
early stages and heal the affected  
lungs and bronchial tubes and drive  
the dread disease from the system.  
It is not a cure-all, but it is a certain  
cure for coughs, colds and all bron-  
chial troubles. You can get all of  
Dr. G. G. Green's reliable remedies  
at the Wilson-Jenkins Drug Co.'s

#### Woman Burned to Death.

Marlin, Tex., Jan. 31.—Mrs. I. Wilk-  
ing of Burton, was burned to death  
at the home of her sister, Mrs. H.  
Nienant, about two miles northeast  
of Marlin. In striking a match to light  
a lamp she dropped it to the floor.  
She attempted to extinguish it by  
pressing her foot upon it. Her skirts  
were ignited and she ran into the  
breeze and was soon enveloped in  
flames. Her husband and brother-in-  
law, H. Nienant, endeavored to ex-  
tinguish the fire and were both badly  
burned.

## WAR REVENUE TAXES ANOTHER BIG DEAL.

A Bill Repealing All Taxes Agreed  
Upon by Committee.

### EXCEPT MIXED FLOUR

The Measure Is to Take Effect July 1  
Next, Except Tea, Which Will  
Remain a Year Longer.  
Congress Proceedings.

Washington, Jan. 31.—The house  
ways and means committee has unan-  
imously authorized Chairman Payne to  
report a bill repealing all the Spanish  
war revenue taxes except the tax on  
mixed flour.

The repeal is to take effect July 1,  
1902, except the duty on tea which is  
to take effect January 1, 1903. Chair-  
man Payne made a statement showing  
that the total reduction would be \$77-  
000,000 annually. The delay in the re-  
peal of the tax on tea is for the pur-  
pose of enabling those who have  
stocks on hand to dispose of them be-  
fore the repeal takes effect. Mr. Payne  
says the country will start upon the  
next fiscal year with \$174,000,000 avail-  
able cash.

An amendment was offered by Mr.  
Newlands to except from the repeal  
the tax on petroleum and sugar refin-  
ers, and by Mr. Richardson to repeal  
the customs duties on trust made  
goods. Both were defeated by party  
votes. Mr. Newland's amendment so  
provided for a tax of one-tenth of one  
per cent on the gross receipts of all  
corporations whose annual receipts ex-  
ceeds \$1,000,000.

#### The House.

Washington, Jan. 31.—The house  
Thursday passed the bill for the crea-  
tion of a permanent census bureau.  
The friends of the civil service law  
who were opposed to making the em-  
ployees of the bureau eligible for trans-  
fer or retention were overwhelmingly  
defeated. By the terms of the bill the  
permanent organization will succeed  
the present temporary organization  
July 1, 1902, and all employees on the  
rolls upon the date of the passage of  
the act will become eligible for trans-  
fer to other departments or retention  
in the permanent organization. The  
bill also provides for a manufacturing  
census in 1901 and for the collection  
of certain special statistics annually.  
Early in the session a bill was passed  
for the protection of the lives of  
miners in the territories.

After some preliminary minor busi-  
ness the committees were called and  
Mr. Moody of Oregon, from the com-  
mittee on mining, presented a bill for  
the protection of lives of the miners  
in the territories.

It provided that in every mine over  
100 feet in depth mine owners be re-  
quired to provide 5500 cubic feet of  
pure air for every 50 miners.

Mr. Lacey of Louisiana, the author of  
the bill, urged the importance of  
proper ventilation of coal mines. He  
offered an amendment providing that  
the managers of coal mines should  
employ shot-firers to fire shots there-  
in.

While the bill was being discussed  
something of a stir was caused by the  
appearance of officers and marines of  
the German cruiser Moltke, who  
marched into the public gallery in uni-  
form and accoutred with their side  
arms. The confusion was so pro-  
nounced that the speaker was obliged  
to call the house to order.

The Lacey amendment was adopted  
and the bill was passed.

#### The Senate.

Washington, Jan. 31.—The session  
of the senate Thursday was entirely  
void of tumultuous scenes which char-  
acterized the sessions of the preced-  
ing three days. After the Philippine  
tariff measure was taken up Mr. Till-  
man delivered a speech devoted almost  
entirely to a discussion on the part  
his state took in the war of the inde-  
pendence of the colonies. Incidental-  
ly, he referred occasionally to the  
pending bill, drawing morals, as he  
said, for the benefit of the majority  
that they might be applied to the Phil-  
ippines. Prior to taking up the Phil-  
ippine bill the senate passed a number  
of unobjectionable bills on the calendar.

About 20 petty officers of the Ger-  
man warship now here were among  
the spectators in the galleries.  
Mr. Hoar of Massachusetts, at the  
conclusion of routine business, called  
up for consideration the joint resolu-  
tion proposing an amendment to the  
constitution of the United States re-  
specting the succession to the presi-  
dency in case the president-elect  
should die between the time of his  
election and the date of his inaugura-  
tion. Without a word of comment the  
resolution was passed, the president  
pro tem announcing, at the request  
of Mr. Hoar, that two-thirds of the sena-  
tors had voted for it.

#### Invalid Kills Himself.

San Antonio, Jan. 31.—John Schmitt,  
aged 40 years, supposed to be of New  
York, killed himself at the Bexar hotel  
this city, by shooting himself through  
the right temple. The man made elab-  
orate preparations for his suicide, as  
there was within reach of his hands  
an open knife, a razor and a pair of  
shears, in case the pistol failed. In  
his pocket was a bank note, showing  
a deposit in the German bank, New  
York. Schmitt was here for his health.

#### Kritzing Not Condemned.

London, Jan. 31.—The report that  
Commander Kritzing, who was cap-  
tured by General French Dec. 17, had  
been condemned to death, is not con-  
firmed here. It was announced from  
South Africa, Jan. 20, that Kritzing's  
trial would begin this week, but noth-  
ing since has been heard from him.

Morgan Reported to Have Secured  
a Hand in Rock Island.

### MANY EXTENSIONS

It Is Said the Rock Island Is Figuring  
on Making Extensions in Texas,  
Okla. and Indian Ter-  
ritory Very Soon.

Chicago, Jan. 31.—The election of  
three new directors of the Rock Island  
railroad and its connecting roads with  
the First National bank in New York  
have created much interest here. Ac-  
cording to the Record-Herald the alli-  
ance with the First National bank in-  
terests is taken as significant.

W. H. Moore was recently elected a  
director of the bank and J. Pierpont  
Morgan controls it. These facts have  
led to the supposition that a new rail-  
road alliance has been formed. This  
being the case the Hill-Moore combina-  
tion with the northern properties and  
the Burlington and the Morgan-Moore  
syndicate with the Rock Island in the  
southwest are in a position to make an  
interesting fight. Recently the Rock  
Island entered into a traffic arrange-  
ment with the Southern Pacific for the  
exchange of traffic at El Paso, and it  
was stated at that time that the ar-  
rangement was entirely satisfactory to  
the Rock Island.

The Record-Herald intimates a con-  
nection between El Paso and Los An-  
geles is likely, thus giving the Rock  
Island a road to the Pacific coast.

The company is also figuring on  
many extensions in Texas, Oklahoma  
and Indian Territory, and it is rumored  
that the Burlington, Cedar Rapids and  
Northern will soon be taken over and  
operated as a division of the Rock Is-  
land.

#### To Build Railroad Tunnels.

New York, Jan. 31.—Reports of the  
organization of a new company to be  
known as the Union Terminal com-  
pany, capitalized for \$40,000,000 to build  
railroad tunnels across Manhattan  
from New Jersey to Long Island under  
Fourteenth and Forty-second streets,  
have caused another burst of activity  
in real estate. Counsel for the new  
company has announced that while no  
actual purchases have been made \$11-  
000,000 worth of property along Four-  
teenth street had been pledged by the  
owners in the form of "consents" to  
support the tunnel scheme.

#### Long Journey in a Wagon.

Paris, Tex., Jan. 31.—A wagon with  
a body like a prairie schooner drawn  
by a spiked team, consisting of two  
horses and a mule, excited considera-  
ble interest on the square Tuesday  
evening. It contained Lee Baker and  
wife and their eight children on the  
way from Stokes county, North Caro-  
lina, to Hale county. They left North  
Carolina on the 19th of November and  
had traveled all the way, a distance of  
1400 miles, in the wagon, landing in  
Paris Thursday evening.

#### Streeker Butterfly Collection.

New York, Jan. 31.—Negotiations for  
the sale of the Streeker collection of  
butterflies, which was to have been  
purchased by Dean E. A. Hoffman, of  
the General Theological seminary and  
presented by him to the Museum of  
Natural History, have been broken off  
and at present it seems doubtful if  
the collection will come to this city.  
The trouble over the deal was, it is  
understood, is due to the advance in  
the price.

#### Will Help Make Transfer.

New York, Jan. 31.—Dr. Facundo  
Mutis Duran, former governor of Pan-  
ama, has left on the steamship Oriz-  
aba for Washington, to act as special  
commissioner to assist Minister Mar-  
tinez Silva in regard to the necessary  
treaty arrangements in the event of  
the purchase of the Panama canal by  
the United States, says the Panama  
correspondent of the Herald. The se-  
lection of Dr. Mutis Duran for the mis-  
sion has been well received.

#### No More Standing Room Only.

New York, Jan. 31.—Orders have  
been given by Fire Commissioner  
Strugs, which abolishes the "standing  
room only" sign before New York the-  
atres. It will be brought about by  
the enforcement of statutes providing  
that no persons shall stand in the aisles or  
passageways of public places of amuse-  
ment. Commissioner Strugs' order  
calls on the various fire captains to en-  
force the order.

#### Wreck on Texas-Mexican.

Corpus Christi, Tex., Jan. 31.—There  
was a serious wreck on the Texas-  
Mexican railway about 15 miles west  
of Corpus Christi, owing to a defect  
of the baggage car and one  
coach were derailed and overturned.  
The latter caught fire, but the flames  
were extinguished. All the passen-  
gers were badly shaken up. A few re-  
ceived painful, but not fatal injuries.

#### Gales on English Channel.

London, Jan. 31.—Continued gales  
in the channel are causing numbers of  
shipping casualties. The most serious  
thus far is the apparent loss of 26  
steamer Sprite, having a crew of 26  
men bound for Hamburg. She is long  
overdue and all hope for her safety  
has been given up. Channel mail  
steamers are unable to make trips.

#### Belton Bank Failure.

Belton, Tex., Jan. 31.—The schedule  
of the assets and liabilities of the Cit-  
izens' bank, which made an assign-  
ment on the 20th instant, has been filed by  
the Judge Pendleton, assignee. The  
schedule shows the assets to be \$63,  
470.89, liabilities \$52,940.70.

### WOMEN AND JEWELS.

Jewels, candy, flowers, man—that  
is the order of a woman's prefer-  
ences. Jewels form a magnet of  
mighty power to the average woman.  
Even the greatest of all jewels,  
health, is often ruined in the stren-  
uous efforts to make or save the money  
to purchase them. If a woman  
will risk her health to get a coveted  
gem, then let her fortify herself  
against the insidious consequences  
of coughs, colds and bronchial affec-  
tions by the regular use of Dr. Bos-  
chee's German Syrup. It will  
promptly arrest consumption in its  
early stages and heal the affected  
lungs and bronchial tubes and drive  
the dread disease from the system.  
It is not a cure-all, but it is a certain  
cure for coughs, colds and all bron-  
chial troubles. You can get all of  
Dr. G. G. Green's reliable remedies  
at the Wilson-Jenkins Drug Co's  
store, Bryan. Get Green's Special  
Almanac.

### Woman Burned to Death.

Marlin, Tex., Jan. 31.—Mrs. I. Wilk-  
ing of Burton, was burned to death  
at the home of her sister, Mrs. H.  
Nienan, about two miles northeast  
of Marlin. In striking a match to light  
a lamp she dropped it to the floor.  
She attempted to extinguish it by  
pressing her foot upon it. Her skirts  
were ignited and she ran into the  
breeze and was soon enveloped in  
flames. Her husband and brother-in-  
law, H. Nienan, endeavored to ex-  
tinguish the fire and were both badly  
burned.

## WAR REVENUE TAXES

A Bill Repealing All Taxes Agreed  
Upon by Committee.

### EXCEPT MIXED FLOUR

The Measure Is to Take Effect July 1  
Next, Except Tea, Which Will  
Remain a Year Longer.  
Congress Proceedings.

Washington, Jan. 31.—The house  
ways and means committee has unan-  
imously authorized Chairman Payne to  
report a bill repealing all the Spanish  
war revenue taxes except the tax on  
mixed flour.

The repeal is to take effect July 1,  
1902, except the duty on tea which is  
to take effect January 1, 1903. Chair-  
man Payne made a statement showing  
that the total reduction would be \$77-  
000,000 annually. The delay in the re-  
peal of the tax on tea is for the pur-  
pose of enabling those who have  
stocks on hand to dispose of them be-  
fore the repeal takes effect. Mr. Payne  
says the country will start upon the  
next fiscal year with \$174,000,000 avail-  
able cash.

An amendment was offered by Mr.  
Newlands to except from the repeal  
the tax on petroleum and sugar refin-  
ers, and by Mr. Richardson to repeal  
the customs duties on trust made  
goods. Both were defeated by party  
votes. Mr. Newland's amendment so  
provided for a tax of one-tenth of one  
per cent on the gross receipts of all  
corporations whose annual receipts ex-  
ceeds \$1,000,000.

### The House.

Washington, Jan. 31.—The house  
Thursday passed the bill for the crea-  
tion of a permanent census bureau.  
The friends of the civil service law  
who were opposed to making the em-  
ployees of the bureau eligible for trans-  
fer or retention were overwhelmingly  
defeated. By the terms of the bill the  
permanent organization will succeed  
the present temporary organization  
July 1, 1902, and all employees on the  
rolls upon the date of the passage of  
the act will become eligible for trans-  
fer to other departments or retention  
in the permanent organization. The  
bill also provides for a manufacturing  
census in 1901 and for the collection  
of certain special statistics annually.  
Early in the session a bill was passed  
for the protection of the lives of  
minors in the territories.

After some preliminary minor busi-  
ness the committees were called and  
Mr. Moody of Oregon, from the com-  
mittee on mining, presented a bill for  
the protection of lives of the miners  
in the territories.

It provided that in every mine over  
100 feet in depth mine owners be re-  
quired to provide 5500 cubic feet of  
pure air for every 50 miners.

Mr. Lacey of Louisiana, the author of  
the bill, urged the importance of  
proper ventilation of coal mines. He  
offered an amendment providing that  
the managers of coal mines should  
employ shot-firers to fire shots there-  
in.

While the bill was being discussed  
something of a stir was caused by the  
appearance of officers and marines of  
the German cruiser Moltke, who  
marched into the public gallery in uni-  
form and accoutred with their side  
arms. The confusion was so pro-  
nounced that the speaker was obliged  
to call the house to order.

The Lacey amendment was adopted  
and the bill was passed.

### The Senate.

Washington, Jan. 31.—The session  
of the senate Thursday was entirely  
void of tumultuous scenes which char-  
acterized the sessions of the preced-  
ing three days. After the Philippines  
tariff measure was taken up Mr. Till-  
man delivered a speech devoted almost  
entirely to a discussion on the part  
his state took in the war of the inde-  
pendence of the colonies. Incidental-  
ly, he referred occasionally to the  
pending bill, drawing morals, as he  
said, for the benefit of the majority  
that they might be applied to the Phil-  
ippines. Prior to taking up the Phil-  
ippine bill the senate passed a number  
of unobjectionable bills on the calendar.

About 20 petty officers of the Ger-  
man warship now here were among  
the spectators in the galleries.

Mr. Hoar of Massachusetts, at the  
conclusion of routine business, called  
up for consideration the joint resolu-  
tion proposing an amendment to the  
constitution of the United States re-  
specting the succession to the presi-  
dency in case the president-elect  
should die between the time of his in-  
auguration and the date of his inaugura-  
tion. Without a word of comment the  
resolution was passed, the president  
pro tem announcing, at the request of  
Mr. Hoar, that two-thirds of the sena-  
tors had voted for it.

### Retirement of Rear Admirals.

Washington, Jan. 31.—The navy de-  
partment has issued an order announc-  
ing that Rear Admirals William T.  
Sampson and J. B. Cromwell will be  
placed on the retired list on Feb. 9 on  
account of age. Admiral Cromwell is  
in command of the European station.  
These retirements will result in the  
promotion of Captains P. H. Cooper  
and George H. Wadleigh to the grade  
of rear admirals. Rear Admiral John  
A. Howell will retire for age March 16  
and Captain A. S. Crowninshield, chief  
of the bureau of navigation, promoted  
to the vacancy and assigned to com-  
mand of the European station.

## ANOTHER BIG DEAL.

Morgan Reported to Have Secured  
a Hand in Rock Island.

### MANY EXTENSIONS

It Is Said the Rock Island Is Figuring  
on Making Extensions in Texas,  
Oklahoma and Indian Ter-  
ritory Very Soon.

Chicago, Jan. 31.—The election of  
three new directors of the Rock Island  
railroad and its connecting roads with  
the First National bank in New York  
have created much interest here. Ac-  
cording to the Record-Herald the alli-  
ance with the First National bank in-  
terests is taken as significant.

W. H. Moore was recently elected a  
director of the bank and J. Pierpont  
Morgan controls it. These facts have  
led to the supposition that a new rail-  
road alliance has been formed. This  
being the case the Hill-Moore combina-  
tion with the northern properties and  
the Burlington and the Morgan-Moore  
syndicate with the Rock Island in the  
southwest are in a position to make an  
interesting fight. Recently the Rock  
Island entered into a traffic arrange-  
ment with the Southern Pacific for the  
exchange of traffic at El Paso, and it  
was stated at that time that the ar-  
rangement was entirely satisfactory to  
the Rock Island.

The Record-Herald intimates a con-  
nection between El Paso and Los An-  
geles is likely, thus giving the Rock  
Island a road to the Pacific coast.  
The company is also figuring on  
many extensions in Texas, Oklahoma  
and Indian Territory, and it is rumored  
that the Burlington, Cedar Rapids and  
Northern will soon be taken over and  
operated as a division of the Rock Is-  
land.

### To Build Railroad Tunnels.

New York, Jan. 31.—Reports of the  
organization of a new company to be  
known as the Union Terminal compa-  
ny, capitalized for \$40,000,000 to build  
railroad tunnels across Manhattan  
from New Jersey to Long Island under  
Fourth and Forty-second streets,  
have caused another burst of activity  
in real estate. Counsel for the new  
company has announced that while no  
actual purchases have been made \$11-  
000,000 worth of property along Four-  
teenth street had been pledged by the  
owners in the form of "consents" to  
support the tunnel scheme.

### Long Journey in a Wagon.

Paris, Tex., Jan. 31.—A wagon with  
a body like a prairie schooner drawn  
by a spiked team, consisting of two  
horses and a mule, excited considera-  
ble interest on the square Tuesday  
evening. It contained Lee Baker and  
wife and their eight children on the  
way from Stokes county, North Caro-  
lina, to Hale county. They left North  
Carolina on the 19th of November and  
had traveled all the way, a distance of  
1400 miles, in the wagon, landing in  
Paris Thursday evening.

### Streeker Butterfly Collection.

New York, Jan. 31.—Negotiations for  
the sale of the Streeker collection of  
butterflies, which was to have been  
purchased by Dean E. A. Hoffman, of  
the General Theological seminary and  
presented by him to the Museum of  
Natural History, have been broken off  
and at present it seems doubtful if  
the collection will come to this city.  
The trouble over the deal was, it is  
understood, is due to the advance in  
the price.

### Will Help Make Transfer.

New York, Jan. 31.—Dr. Facundo  
Mutis Duran, former governor of Pan-  
ama, has left on the steamship Oriz-  
aba for Washington, to act as special  
commissioner to assist Minister Mar-  
tinez Silva in regard to the necessary  
treaty arrangements in the event of  
the purchase of the Panama canal by  
the United States, says the Herald. The  
selection of Dr. Mutis Duran for the mis-  
sion has been well received.

### No More Standing Room Only.

New York, Jan. 31.—Orders have  
been given by Fire Commissioner  
Strugs which abolishes the "standing  
room only" sign before New York the-  
atres. It will be brought about by the  
enforcement of statutes providing that  
no persons shall stand in the aisles or  
passageways of public places of amuse-  
ment. Commissioner Strugs' order  
calls on the various fire captains to en-  
force the order.

### Wreck on Texas-Mexican.

Corpus Christi, Tex., Jan. 31.—There  
was a serious wreck on the Texas-  
Mexican railway about 15 miles west  
of Corpus Christi, owing to a defect  
of the baggage car and one  
coach were derailed and overturned.  
The latter caught fire, but the flames  
were extinguished. All the passen-  
gers were badly shaken up. A few re-  
ceived painful, but not fatal injuries.

### Gales on English Channel.

London, Jan. 31.—Continued gales  
in the channel are causing numbers of  
shipping casualties. The most serious  
thus far is the apparent loss of the  
steamer Sprite, having a crew of 20  
men bound for Hamburg. She is long  
overdue and all hope for her safety  
has been given up. Channel mail  
steamers are unable to make trips.

### Belton Bank Failure.

Belton, Tex., Jan. 31.—The schedule  
of the assets and liabilities of the Cit-  
izens' bank, which made an assignment  
on the 20th instant, has been filed by  
Judge Pendleton, assignee. The  
schedule shows the assets to be \$63,  
470.80, liabilities \$53,940.70.
